MADE IN CHINA

WARNING:

Failure to follow these warnings and the instructions could result in serious injury or death.

FALL HAZARD

To prevent falls, **stop using the product when** infant:

- Begins to roll over, or
- Can pull up on sides (approx. 5 months).
- **Always** use on floor. **Never** use on any elevated surface.
- **Always** use restraint system.

SUFFOCATION HAZARD

Infants have suffocated:

- On added pillows, blankets and extra padding.
 - Only **use the pad provided** by Baby Delight.
 - **Never** place extra padding under or beside infant.
- **Always** place child on back to sleep.
- Strings can cause strangulation! **Never** place items with a string around a child's neck such as hood strings or pacifier cords. **Never** suspend strings over product or attach strings to toys.
- **Never** place product near a window where cords from blinds or drapes can strangle a child.
- **Always** provide the supervision necessary for the continued safety of your child.
- When used for playing, never leave child unattended.

Preventing Baby's Head from Flattening

Pediatricians and child health organizations agree that healthy babies should be placed on their backs to sleep for naps and at nighttime, to reduce the risk of Sudden Infant Death Syndrome (SIDS). But babies who are always on their backs can sometimes develop flat spots on their head (plagiocephaly).

Most cases of positional plagiocephaly can be prevented (and sometimes corrected) by repositioning your baby to relieve pressure on the back of the head. Here are some tips and techniques from the experts to keep in mind as you care for your baby:

- Change the location of your baby's sleeper or crib in the room, so your baby has to look in different directions to see the door, or the window, or interesting things going on around your baby.
- When your baby is awake, provide opportunities for adult-supervised "tummy time" play. Playing on his tummy helps take the pressure off the back of your baby's head, which will help prevent flat spots from developing. Tummy time play also helps your baby's head, neck and shoulder muscles get stronger as part of normal development.

Preventing Baby's Head from Flattening (Continued)

- Try tummy time two or three times a day, for short periods of time, until your baby gets used to being on the tummy. Once your baby begins to enjoy this position, try longer periods of time or increase the frequency of tummy time play.
- Try to minimize the amount of time your baby spends in car seats, carriers and bouncy seats while awake.
- Lastly, make sure you enjoy lots of "cuddle time" with your baby by holding your baby upright over your shoulder.

For additional information on positional plagiocephaly and the benefits of tummy time play for your baby, speak with your pediatrician or family physician.

Assembly/Operating

Assembling the Rocker:

Remove Rocker from Bag and unfasten buckle.

Press Buttons on Front legs and insert Front legs into the Front feet until you hear an audible "click". (Do not fully extend Rocker left to right yet.)

Plug the Upper head Frame assembly (with strap) into lower head Frame matching letters "A" to each other and letters "B" to each other.

Assembly/Operating - Continued

To assemble the Cover, secure Cover with Cleats fed through the two slots in upper back area of cover.

Pull bottom of Cover over bottom of Frame.

Slide Side Locks down on each side until you hear an audible "click" and Buttons pop out.

The Rocker is now ready to use.

3-Point Harness

Place your baby in Harness and fasten Buckles.

Pull Harness straps to adjust fit.

Assembly/Operating - Continued

Folding Rocker

Press Lock Buttons on each side until you feel the Buttons release.

Press Buttons on Front Legs and lift Legs out of Front Feet.

Pull Cover up, squeeze Frame inward and press down to collapse.

Place Buckle around Frame and fasten. Place in Travel Bag.

Care & Cleaning

IMPORTANT:

- **Cover:** During regular use, the cover may become damp or soiled. Periodically remove cover to air out and prevent moisture buildup. It is recommended to machine wash once a week or as pad becomes soiled. Use non-chlorine bleach only if needed. Tumble dry, low heat.
- **Plastic Insert:** Moisture buildup may lead to mildew. Inspect inside pocket for signs of mildew. To clean, make sure you are in a well-ventilated room. Mix 1 gallon (~4L) of water with 1.5c (0.35l) of chlorine bleach. Apply mixture to a sponge and wipe the inside of the pocket clean as needed. After cleaning with the bleach and water solution, wash again with mixture of mild detergent and water. Rinse thoroughly with clean water, pat dry with towel.

Pull Cover off the two Cleats and remove Cover from Frame.

Unzip and remove large Plastic Support and unthread Harness Buckles through slots.

Repeat on other zipper for small Plastic Support.

CAUTION:

- Never use product without pad insert.
- Never use product without hard plastic insert.
- Always wear gloves and protective eyewear and clothing when cleaning with bleach.
- Never mix bleach with ammonia or any other household cleaners/chemicals.
- Use of bleach solution may result in some fabric color loss.

Care & Cleaning - Reassembly

1 Insert large Plastic Support back into Pocket and thread two Harness Buckles through slots.

2 Repeat for small Plastic Support.

3 To re-assemble the Cover, secure Cover with Cleats fed through the two slots.

4 Pull bottom of Cover over bottom of Frame. Refer to "Assembling the Rocker" section to complete assembly.

Limited Warranty

At Baby Delight, Inc. we make innovative and high quality products for babies, children and their parents. We warrant this product to be free from defects in material and workmanship existing at the time of manufacture for a period of 90-days from the date of initial purchase (sales receipt is required for proof of purchase). If such a defect is discovered during the limited warranty period, we will, at our sole option, repair or replace your product at no cost to you.

This limited warranty does not cover claims resulting from misuse, failure to follow the instructions on installation, maintenance and use, abuse, alteration, involvement in an accident, and normal wear and tear.

For warranty service or replacement part information:

Please call 1-401-333-6800, email info@babydelight.com, or write to Consumer Services: 30 Martin Street, Suite 3C, Cumberland, RI 02864

Some replacement parts may be available for purchase after this limited warranty expires. Please visit us at www.babydelight.com or call us at 1-401-333-6800 for details.
